Hi everybody!

2010 has been a great year for A Plus Beauty Spa; we've recently renovated and enlarged our salon, and have welcomed a new staff member to the team! Plus, we've now got a wide range of Jane Iredale Mineral Make Up products available, and our clients love them!

Summer is here and we've got some exciting new products with a focus on summer skin protection as well as some easy gift ideas for Christmas. To celebrate our eventful year we're throwing a party to spoil our VIP clients...we hope to see you for a glass of bubbles, some nibbles, exciting giveaways and prizes.

Thank you to everyone who has visited our salon this year, we really appreciate your business. All the very best for a wonderful holiday season and 2011.

Lucy

CHRISTMAS PARTY FOR VIP CLIENTS

To say thank you to you for your support we're throwing a party! 3rd December 2010, 6.00pm till 8.30pm. Bring a couple of friends along and enjoy a summer evening out. Celebrate Christmas before the rush and we'll spoil you with bubbles and nibbles to say thanks for your loyalty. Products will be on special and we've got exciting giveaways and prizes.

DATES FOR YOUR DIARY

3rd December, 6pm – VIP Christmas Party

December appointments are filling fast. Give us a call to book your pre-Christmas waxing, manicures, pedicures or body treatments.

We will be closed on public holidays during Christmas & New Year.

5th January onwards...

Look out for our Irresistible Summer Specials

PROTECT AND CARE FOR YOUR SKIN THIS SUMMER

The climate we live in is extremely harsh and we should not underestimate the damage caused from UV rays and free radicals such as pollution. This causes premature ageing, wrinkling and at its worst, skin cancer and melanoma.

The easiest way to protect your skin is to introduce sunscreen into your daily skincare routine. We endorse both Environ's RAD SPF15 and Powder-Me SPF30 Dry Sunscreen. Protect your whole family, Environ's RAD is highly recommended for all skin types and suitable for all ages, including babies.

Jane Iredale Powder-Me SPF Dry Sunscreen is ideal for use on the face and body, safe for all skin types and ages, comfortable to wear and immediately active. It is a highly effective powder sunblock with an SPF rating of 30 (for UVB rays and for UVA rays). Powder-Me SPF is easy to take anywhere and features a crystal clear mirror and an attached sponge for perfect application. Simply load the formula into the sponge, dab it onto the skin and smooth out. Powder-Me SPF is formulated with titanium dioxide and an exceptionally pure clay that is naturally rich in minerals to nourish and calm the skin. In addition to preventing sunburn, hyperpigmentation and premature skin aging, Powder-Me SPF may also reduce your risk of skin cancer.
